Letter of Recommendation

We selected Goodday to assist in a broad and complete implementation of our shop platform based on the e-commerce Shopware system.

Goodday's team delivered the project in a well planned and coherent way, providing us with full support throughout the project. Goodday specialists personalised solutions to our strict requirements and were always forthcoming with new ideas, allowing us to make the best of the system. Programming processes were transparent and clear-cut, and each stages of implementation went according to plan.

We would like to recommend Goodday as a highly professional and reliable company. They turned out to be a sincere and solid partner. Throughout the entire cooperation the team was highly engaged and well qualified.
